Subject: Commissioning of first phase of 26.4 MW out of 50 MW capacity of wind power project at Shapar, Gujarat by ACME Pokhran Solar Private Limited, a wholly owned subsidiary of ACME Solar Holdings Limited

Dear Sir/Madam,

This is to inform you that ACME Solar Holdings Limited ("ASHL"), through its wholly owned subsidiary i.e. ACME Pokhran Solar Private Limited, has commissioned the first phase of 26.4 MW out of 50 MW wind power project at Shapar, Gujarat.

With this, ASHL's total operational renewable generation capacity has increased to 2,731.4 MW.

The press release in this regard is attached.

You are requested to take the same on your records.

Thanking you,

For **ACME Solar Holdings Limited**

Rajesh Sodhi
Company Secretary and Compliance Officer

PRESS RELEASE

ACME Solar Commissions First Phase of 26.4 MW of its Maiden Wind Power Project in Gujarat

GURUGRAM, 28 May '25: ACME Solar Holdings Limited has successfully commissioned the first phase of its maiden wind power project, located in Shapar, Gujarat. The current commissioning of 26.4 MW is part of the 50 MW ACME Pokhran wind project to be fully commissioned in phases. With this milestone the company's total operational capacity has increased from 2,705 MW to 2,731.4 MW. Strategically located in one of India's highest wind resource regions, it is poised to be an important contribution to India's renewable energy goals.

The Project has been financed through Power Finance Corporation (PFC) & constructed through in-house EPC, deploying Envision 3.3 MW turbines. The clean energy harnessed through the project is pooled at 33/ 220 kV pooling station and stepped up for evacuation to Shapar sub-station using a dedicated single circuit 220 kV transmission line. The project would share the sub-station with ACME Solar's another upcoming 100 MW wind power project which is currently in advanced stages of construction.

The power generated from the project will be sold through the 25-year Power Purchase Agreement (PPA) signed between ACME Pokhran and Gujarat Urja Vikas Nigam Limited.

About ACME Solar Holdings: ACME Solar Holdings is a leading integrated renewable energy player with a diversified portfolio of 6,970 MW spanning solar, wind, FDRE and hybrid solutions. With this milestone, the operational capacity of ACME Solar stands at 2,731.4 MW with another 4,238.6 MW at various stages of implementation. With an in-house EPC and O&M division, the company does end-to-end development and O&M of the plants, thereby delivering projects in a time & cost-effective manner while ensuring best in class operating performance evident in its industry leading CUF and operating margins.
